

Tribal Lifeline and Tribal Link Up Assistance Programs

Individuals who reside on tribal lands and meet the eligibility criteria may qualify for discounts through Tribal Lifeline and Tribal Link Up programs.

Tribal lands are defined as any federally-recognized Indian tribe's reservation, pueblo, or colony; Indian Allotments; and areas that fall outside the boundaries of existing Tribal lands but have been designated by the Federal Communications Commission as Tribal lands for the purpose of receiving Tribal Lifeline and Tribal Link Up support.

Tribal Lifeline helps eligible residents of tribal lands save up to \$34.25 on their monthly phone bill. The discount applies to wire line or wireless residential telephone service plans and is limited to one line per household.

Tribal Link Up provides a one-time discount for the connection or activation charge for new telephone service at the applicant's primary residence. The discount is a 100 percent reduction, up to \$100, of the customary charge to initiate telecommunications service. Link Up also allows you to pay any remaining amount owed on initiation of service (up to \$200) on a deferred schedule, interest free.

Lifeline service does not include long distance toll charges. Saddleback Communications' standard rate for domestic long distance service is \$0.05 per minute of usage.

Eligible consumers may also be able to sign up for free toll-blocking or toll-limitation service that either blocks or limits long distance calls from your phone.
